(to assist ASNH osprey field surveys)

- (1) Record only the FIRST sighting of each loon or group, then be sure to total the number of loons observed on the appropriate line. Note the direction in which the loons move or fly.
- (2) If possible, please attach a sketch/map of census area and the location of any loons you observe.
- (3) Please comment on loon activity observed at other times during the summer on the reverse of this page.
- (3) It is CRITICAL that observations continue for the ENTIRE HOUR.
- (4) Remember, a report of zero is just as biologically important as a report of 10 loons.

CENSUS FORMS MUST BE RECEIVED BY August 2st
IN ORDER TO BE INCLUDED IN THE FALL TALLY.

Please return this form to your coordinator, LPC staff, or to the LPC office as soon as possible. Thank you!
